

## **COVID-19 PROTOCOL FOR WINERY VISITS**

- Visitors are co-responsible for compliance with the rules of distancing and hygiene to protect themselves, but also to protect all the people present in the cellar, whether they are wine tourists or employees of the winery itself.
- If the symptoms of covid-19 had occurred in the 15 days prior to the visit, we recommend not to take part to the tour. The symptoms are: fever, cough, diarrhea, shortness of breath, loss of smell.
- It is not recommended to visit the winery if you have come in contact with people to whom the diagnosis of covid-19 has been confirmed in the last 15 days.
- It is mandatory, at the time of the visit, to use the mask and respect the physical distancing.
- To ensure a better visit and in order to guarantee adequate distance, we invite you to book the visit in advance (according to the procedures indicated in the appropriate section).
- Once arrived in the winery, the personal data of the participants will be recorded.
- In different areas of the winery there are sanitizing gel dispensers.
- The visits will be carried out for a maximum number of 10 participants at a time.

## TASTINGS
